NATIONAL CONFERENCE ON PERSPECTIVE OF SCIENTIFIC RESEARCH

(NCPSR- 2016)

22nd JANUARY 2016

Dear Members, Professors, Scientists and Researchers,

It gives us a great pleasure to invite you to the "National Conference on Perspective of Scientific Research (NCPSR-2016)". This National conference will be organized by Alpha Omega Hi-Tech Bio Research Centre and Tamil Nadu Scientific Research Organization on 22nd January 2016 at Yercaud.

The aim of the National conference is to bring together researchers, scientists, engineers and scholar students to exchange and share their experiences, new ideas and research results about all aspects of innovation. The day's programme consists of various lectures from invited speakers and oral presentations and posters from the participating researchers and students. Hence, We request you to extend your support by way of your active participation in the deliberations of conference proceedings, lecture's and scientific discussions pertinent to the theme of the conference i.e., "National Conference on Perspective of Scientific Research".

Yercaud

Shevaroy hills range located near Yercaud of Salem district in Tamil Nadu. The total extent of Yercaud taluk (Sub-district) is 382.67 Km, including reserve forest. The National Orchidarium and Botanical Garden maintained by Southern Circle of Botanical Survey of India is situated in Yercaud. The area lies between 11° 48' N latitude and 78° 11' E latitude at an altitude ranging from 1200 -1500 m. The maximum temperature ranges between 25°C and 30°C and minimum between 13° and 16°C. The average annual rainfall is around 1750 mm. The highest peak of the hills is 1700 m.

Nature has been a source of medicinal agents for thousands of years and an impressive number of modern drugs have been isolated from natural sources, many based on their traditional medicine. Medicinal plants are of great importance to the health of individual and communities. Indian System of Medicine (ISM) uses around 2,500 plant species belonging to more than 1000 genera. Yercaud is rich in flora and fauna. Many plants that grow here have been studied for their medicinal importance. In Yercaud, the local people use about 48 plant species belonging to 45 genera and 29 families in folk medicine

Important Tourist places

Kiliyur Falls, Shevaroy hills, Lady's seat, Pagoda point, Yercaud Lake, Servaroyan temple, National orchidarium, Botanical Garden, Anna Park, Karadiyur view point, Silk form, Tipperary View point and Bears cave.

About us

Alpha Omega Hi-Tech Bio Research Centre was established with an aim to serve as a means for updating the scientific knowledge in all the biological fields. The Research Centre is related with the research work/ projects for the students of M.Sc., M.Phil., Ph.D., B.Pharm., M.Pharm., B. Tech and M.Tech. Conferences, Patents, Career Oriented training programs are also conducted in the various fields. The Research centre was registered under the trust of "Bio Vision Trust" Reg No: 883/2009 of 16th Oct and the Research centre started its function on 19th Oct 2012, when the Director of the centre assumed charge. 16 patents has been filed from Alpha Omega and 4 different awards has been received. Different types of services is going on in the centre like patent filling, projects, certificate courses, training programs, psychiatric counselling and paper publications.

TamilNadu Scientific Research Organization (TNSRO) was established as a registered non-governmental voluntary organization under Indian trust act on 31.10.1997. The institution is working for the application of science and technology in rural Arimalam block, Pudukkottai dist with the prime aim to conserve our nature and propagate the ethnomedical systems among the rural and scientific community since 1997. Many programmes are organized together with various organizations related to the subjects among the rural target groups. Govt sponsored programmes and few self contributed programmes were successfully completed. Most of the awareness camps were held in remote villages at Arimalam block. Besides these, works are carried to promote Health & Sanitation, Environmental conservation, Biodiversity conservation, Science popularization, Knowledge revolution, Sustainable Agriculture and Rural Development, Disaster risk management, EDP training, e-village and Research. And also we are imparting national and international level observation days. Appreciation was given to the institution for the efforts and services in the year 2003 by our former honourable president of India Dr.APJ.Abdul Kalam. Also the organization has received Best Institution Award (2007-2008) for Biodiversity Conservation Activities from Peace Trust Dindigul / Regional resource agency, Ministry of Environment and Forests, Govt. of India.
